Ultrasonic transducers

Product Description

Ultrasonic transducers used in the inspection of rail to NR/L3/TRK/055

Product Image

Scope of Acceptance

Full Acceptance

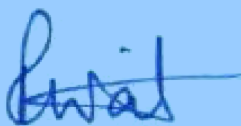

Use with Network Rail approved ultrasonic hand held instrument for rail defect detection when working to NR/L3/TRK/055.

Not to be used within 300mm of the 3rd rail without either an electrical isolation or use of arc shield.

Network Rail Acceptance Panel (NRAP) hereby authorises the product above for use and trial use on railway infrastructure for which Network Rail is the Infrastructure Manager under the ROGS regulations.
